PRO MADE FAN – TRAY

Pro made volume lashes are an alternative to making your own fans, which takes a lot of time and practice. They can be used on their own and they can also be mixed with our Super Soft Flat

PRO MADE FANS TRAY 4D

Our pro made fans are pre-pinched with a really fine sharp base. his is a perfect combination between pre-made and pro-made lashes, since they are 100 % lash artist-made, just like the loose pro- made fans, but also perfectly organized like the pre-made fans on a clear strip.
